Introduction

A list of products that are considered "Specials" can be added to the store. These are products that already currently exist in the store, so they must be added through the normal Catalog > Products section. In addition to being highlighted in the "Specials" box with the special price, this special price will also show up if a customer navigates to the product through the normal catalog tree.

Creating New Special

1. Open Admin Panel ("back end") of the web-store and click the **Catalog** link.
2. Then, select the **Specials** item.

The screenshot shows the Holbi Admin Panel interface. The top navigation bar includes the Holbi logo, a gear icon, and the text 'Catalog :: Specials'. On the right, there are links for 'osCommerce | Catalog | Admin | Logoff'. The main content area features a table of products with columns for 'Products', 'Products Price', 'Status', and 'Action'. The first row is highlighted in blue and shows 'AEG Single Oven 60cm B21004B' with a price of £600. Below the table, there is a 'new product' button. On the right side, there is a detailed view for the selected product, including 'edit' and 'delete' buttons, a date added (07/21/2006), a last modified date (08/22/2006), and a product image. The left sidebar menu is expanded, and a red arrow points to the 'Specials' link.

Logitech® G7 Laser Cordless Mouse

Model:931375-0215

~~£60.00~~ £30.00

The Logitech G7 Cordless Mouse delivers extreme cordless performance with a 2000 dpi laser engine for blinding speed and precision response. The G7's full-speed, bi-directional USB connection sends a blazing 500 reports/second* over 2.4 GHz wireless for a bulletproof connection. Dead batteries won't stop you mid-mission, thanks to a five-level power indicator and twin "hot-swappable" Li-ion battery packs that recharge while you're racking up points. Use Logitech's SetPoint software to customize your mouse with advanced features such as game detection and adjustable sensitivity (including independent x- and y-axis settings). The programmable tilt wheel adds an unprecedented level of control and gaming power.

- Click the "arrow" icon adjacent to the **Expiry Date** fields and select a date in the Calendar. The special price will be shown to the customers until this date comes. When expiry date comes, the "normal" product price will be displayed on the website only.

Specials Status

Each special product has **Active** status set by default. This status allows displaying a product as a special in the web-store. If the status is set **Inactive** ("red circle" is selected in the grid), the product will still be available through the store as normal, but not as a special.

Editing/Deleting Specials

- You can edit a special in the Admin Panel by selecting the appropriate item in the grid and clicking the **Edit** button on the right.

- You can delete a special by selecting the appropriate item in the grid and clicking the **Delete** button on the right. Then, click the **Delete** button again to confirm deletion.
